

# Using the nRF Sniffer to capture BLE packets (Wireshark)

## Topics:

- **NOTE:** You will need to run the sniffer on:
  - nRF52832 development kit (PCA10040)
  - nRF51 USB dongle (PCA10031)
  - nRF51 development kit (PCA10028)
- nRF52840 development kit **NOT SUPPORTED**
- nRF Sniffer software (version  $\geq 2.0$ ). Download it [HERE](#).
- nRF Sniffer guide. Download it [HERE](#).
- Some are having some issues getting this working – even by following the official guide. Follow this Nordic DevZone question, [LINK HERE](#).
